This week:

4-H Environmental Sciences Day open for registration
Norwich Public Schools hiring afterschool staff
Summer Fun at Blue Slope Farm
Farm for Sale
Health Care Practice for Food Animals—workshops
Big E New England Center Activity Booths

Attached is the materials for this year’s 4-H Environmental Science Day. This year’s event will take place at the Trash Museum in Hartford on Wednesday, August 19th.
We have a bunch of great activities involved with this year’s day.

We need everyone to start collecting cereal, cookie, cracker and pasta boxes! Flatten them and bring to the Extension Center.

Norwich Public Schools Extended Learning Department is currently seeking candidates interested in part time work as after school program instructors. Please share this posting with any qualified candidates you feel would be interested. Thank you.

More information on the extended learning program can be found by visiting www.norwichpublicschools.org/extendedlearning

Looking for something to do with your family?
